

### THE VINEYARD:

This 2 acre site sits on the opposite side of our Pinot Blanc vineyards. Facing west in sandy loam soil, it overlooks West Grand Traverse Bay. It was planted in 2003 and has just started to reveal its potential as a heavyweight white wine. Gris ripens easily in our region. We like to let this one hang on the vine deep into the season. This allows us to make wines of depth, power, and complexity.

# 2016 PINOT GRIS

TALE FEATHERS VINEYARD  
OLD MISSION PENINSULA, MICHIGAN

### THE SHORT VERSION:

Light oak and dried apricot

### THE LONG VERSION:

Pinot Gris is the mysterious, grey sister in the Pinot family. She's not as adventurous as Blanc and not as popular as her cheerleading sis Noir. Gris reads from tomes of the great poets in the corners of bustling coffee bars not caring if she gets noticed but not shying away from conversation either.

This small bottling came from a selection of the 2.5 acre Tale Feathers Vineyard on Old Mission Peninsula. We chose to ferment and age the wine in two very old French oak puncheons (500L). This allows the wine to age with the yeast for 6 months. The subtle oxygen mingles with the tannins and mellows the wine to reveal a distinct Northern Michigan Pinot Gris.
