

2021 MURMUR Michigan

55% Pinot Blanc, 22% Pinot Gris, 12%
Chardonnay, 8% Traminette, 3% Riesling

Those swirling clouds of starlings you see swooping and diving like a single black spirit over the vineyards are called murmurations. They love grapes as much as we do and can clean us out in an afternoon. We named this full bodied, dry white wine after these voracious foes in trust that they would be appeased and spare us our harvest.

This wine murmurs with fruit buzzed energy. We fermented each lot independently and then created this great dry blend from Northern Michigan. Every year we promise that the wine will be unique. This year's blend includes a portion that has been fermented and aged in older oak puncheons.
