

2024 LE CABAN RIESLING

Old Mission Peninsula

Our philosophy with the Le Caban Riesling each vintage is to produce a wine with perfect BALANCE, or, mixed up just a little, LE CABAN. In the case of Riesling, that balance is possible thanks to the interplay of acidity and sugar.

Balance isn't achieved by pre-determined goals, but by listening to what the fruit from each vintage has to say. 2023 was a warm year and the fruit we harvested from these vineyards was low in acid. To maintain the balance we look to achieve, we allowed the wine to ferment quite a bit drier than the previous vintage. The dryness of this Riesling prevents the wine from becoming too flabby - the sugars and acid are once again in balance.
